

Product news 2017

Producer	Booth	News
	A2.380	<p>Presentation of new products from the Norwegian company REC:</p> <ul style="list-style-type: none"> • TwinPeak 2 BLK • TwinPeak 2 BLK2: full black version • TwinPeak 2S 72: 144 half-cut cells with up to 350 Wp, size: approx. 2x1m (30mm frame)
	A2.280	<p>Presentation of the LG Solar product offensive 2017:</p> <ul style="list-style-type: none"> • Mono X Plus • NeON 2 A5-generation with CELLO-Technology • NeON R: back-contact solar cells with up to 365 Wp • News from ESS storage system
	A1.390	<p>BenQ, respectively AUO as brand licensee, presents latest product developments of poly- and monocrystalline module generations with 5 busbars, fully potted junction box, increased PID resistance and extended product warranty:</p> <ul style="list-style-type: none"> • PM060PW1: dark poly-cell, up to 270 Wp • PM060MW2 / MB2: monocrystalline products with white or black backsheet and up to 305 Wp <p>In addition, BenQ shows the back-contact module SunForte (monocrystalline) with up to 335 Wp and extended product warranty with up to 25 years.</p>
	A1.290	<p>Luxor presents its broad product range of poly- and monocrystalline modules and innovative glass/glass-modules with 30 years product and performance warranty. Furthermore, they show novelties with significantly higher watt categories and thin frame (monocrystalline PERC-cell technology).</p>
	A1.480	<p>In addition to Trina's performance of the proven product portfolio of poly- and monocrystalline modules including PERC-cells, Trina shows the new DUOMAX Twin. Thanks to its bifacial PERC cell, the highly efficient module generates power on the front and back side, providing higher energy density and power generation.</p>
	B2.310	<p>Fronius, reliable partner for inverter, plant monitoring and storage solutions, focuses on:</p> <ul style="list-style-type: none"> • Storage solution „24 hours of sun“ • Introduction of solutions for the integration of the energy, heat and mobility sectors as well as the consumption regulator „Fronius Ohmpilot“ • Exhibition of the storage solutions “Fronius Energy Package” • Solutions for module electronics • Presentation of the online tool "Fronius Solar.configurator 4.0"

	B3.210	<p>SMA, specialist for photovoltaic system technology, presents:</p> <ul style="list-style-type: none"> • SMA Power+ Solution (yield optimization on module level with intelligent TIGO junction box) • Sunny Home Manager 2.0 combines intelligent energy management and power metering in a single device • SMA Smart Connected for automatic monitoring, fast exchange and payment in case of defects (Sunny Boy 3.0 – 5.0) • Sunny Tripower CORE1, the world’s first freestanding string inverter for decentralised rooftop and ground-mounted system as well as for covered parking spaces. CORE1 is finalist for the Intersolar Award 2017.
	B3.130	<p>Kostal shows updated expansions from the PIKO-portfolio and presents the new storage concept. In addition, a service desk for all questions relating to service subjects will be available. Kostal would also like to invite you to the traditional evening event at their booth on the 31 May at 6 p.m.</p>
	B3.210 (with SMA)	<p>Zeversolar, 100% subsidiary of SMA, presents the current inverter portfolio, from 1 to 33 kW with excellent price-performance-ratio, on the 1st floor of hall A, room 21 on 1 June 2017. Zeversolar will also be present at the SMA booth.</p>
	B3.140	<p>Product highlights of Delta:</p> <ul style="list-style-type: none"> • ES30: This modular AC-coupled BESS system has a total capacity of 78 kWh • M88H: High-efficient 3-phase solar inverter with 88 kVA and a max. efficiency of 98.8% • Presentation of the Hybrid E5 Energy Storage System (DC-coupled 5.4 kWh energy storage). It is composed of the single-phase RPI E5 hybrid inverter as well as an external battery cabinet equipped with a 5.4 kWh Li-ion battery, a power meter and smart monitor.
	A4.672	<p>ALTEC presents its wide product range and shows reliable fastening solutions for PV-mounting systems.</p>
	A4.472	<p>K2, manufacturer of solar mounting systems, focuses on:</p> <ul style="list-style-type: none"> • Updates of the online configuration system “Base On“ • Demonstration of the first complimentary K2 App including a practical portfolio overview • Facilitation of transport: two new palleted ground-mounted systems • Presentation of new product components for faster and easier installation of the substructure e. g. universal clamps OneMid and OneEnd
	B1.510 ees	<p>LG Chem, subsidiary of the Korean LG Group, is represented with its proved product portfolio. As a manufacturer of petrochemical materials and substances for the information and electronic industry, the company concentrates on the production of compact and efficient batteries for advanced stationary PV energy storage systems.</p>
<p>Mercedes-Benz Energiespeicher</p>	B1.330 ees	<p>Mercedes-Benz Energy presents its reliable product range of innovative storage solutions (e. g. the Mercedes-Benz energy storage system “Home”) with safe and long-lasting lithium-ion technology.</p>
	B2.240	<ul style="list-style-type: none"> • Presentation of the online portal Solar-Log WEB Enerest™ for tailor-made PV-monitoring • Solar-Log WEB Enerest™ App • Demonstration of Solar-Log™ WEB-4U, the additional PV-plant monitoring service

EXHIBITION SITE PLAN
